

Town of Montague
Regional School Planning Committee

On April 22, 2019, the Montague Selectboard voted to establish a regional school district planning committee in accordance with MGL Chapter 71, Sec. 14. The intent is to study the feasibility, benefits, and costs of a possible merger of the towns of Montague and Gill and member towns of the Pioneer Valley Regional School District. Selectboards in these communities have taken similar action.

The Town of Montague now wishes to appoint representatives to that committee, which will be subject to appointment by the Town Moderator. **Montague has the right to appoint three members, including 1 member of the existing GMRSD school committee.**

We now invite candidates to apply to the Moderator, with **applications to include** a letter of interest stating the individual's motivation for participating, any specific areas of interest relative to the study of possible regionalization (i.e., governance, finance, curricula, student services, etc) and a statement of qualifications, preferably to include a resume or other summary of relevant experience.

Applications must be received by to 5pm Thursday, September 19. They should be address to the Town Moderator and submitted via email to Town Administrator Steve Ellis at townadmin@montague-ma.gov or delivered to the Selectboard Office at 1 Avenue A in Turners Falls.
